I. SAFETY INSTRUCTIONS

IT IS IMPORTANT TO CHECK AND TIGHTEN ALL HARDWARE AT THE BEGINNING AND DURING THE SEASON AS THEY MAY LOOSEN.

IMPORTANT: Owners are responsible for maintaining the legibility of warning labels. Retain this manual for future reference on maintenance instructions.

- This mosquito netting curtain is designed for use with Aspendale Metal Gazebo. **Ensure the netting is correctly attached to the designated curtain bars** using the supplied rings before use.
- **Do not climb, hang, or lean on the mosquito netting.** It is not designed to support body weight.
- Keep children and pets **supervised at all times**. Netting cords, zips, or loose fabric may pose an entanglement risk.
- Ensure the netting does not come into contact with open flames, heaters, barbecues, fire pits, or heat sources, as the **fabric is not fire-resistant**.
- During strong winds, storms, or extreme weather, **fully open, secure, or remove the mosquito netting** to prevent damage to the gazebo structure or netting.
- Inspect rings, seams, and attachment points regularly. **Do not use the netting if it is torn, excessively worn, or if fixings are damaged.**

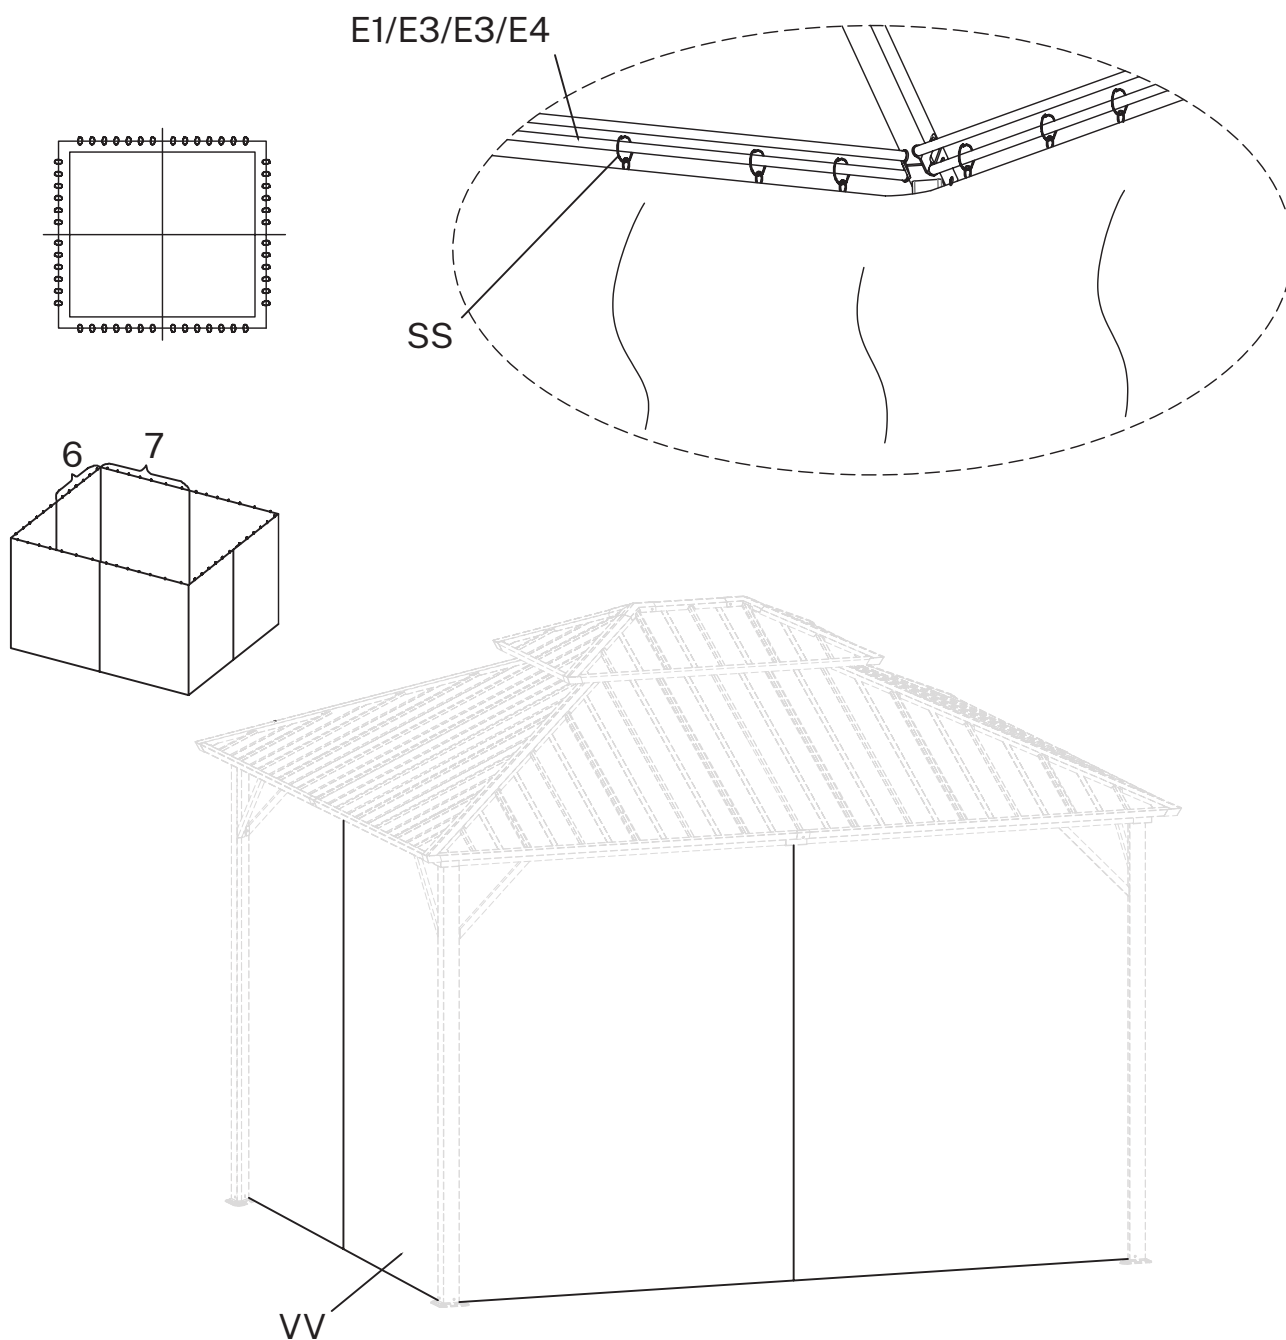

II. MAINTENANCE AND CARE

- Clean the mosquito netting using lukewarm water and a mild detergent only.
- Gently sponge or rinse to remove dirt, dust, or insect residue.
- Do not machine wash, bleach, tumble dry, iron, or dry clean, as this may damage the fabric and stitching.
- Allow the netting to air dry completely before re-attaching or storing to prevent mould or mildew.
- Periodically check that rings remain securely attached to the curtain bar and that zips (if applicable) operate smoothly.
- Avoid prolonged contact with sharp edges or rough surfaces that may cause snagging or tearing.

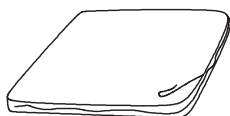

III. STORAGE INSTRUCTIONS

- Before storage, ensure the mosquito netting is clean and completely dry.
- Carefully remove the netting from the gazebo by sliding off the rings.
- Fold neatly to avoid creasing or strain on seams.
- Store in a cool, dry, well-ventilated area, away from direct sunlight, moisture, and pests.
- Do not place heavy objects on top of the folded netting, as this may deform or damage the fabric.
- If storing during off-season or extended periods, it is recommended to keep the netting in its original packaging or a breathable storage bag.

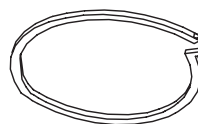

IV. ASSEMBLY INSTRUCTIONS

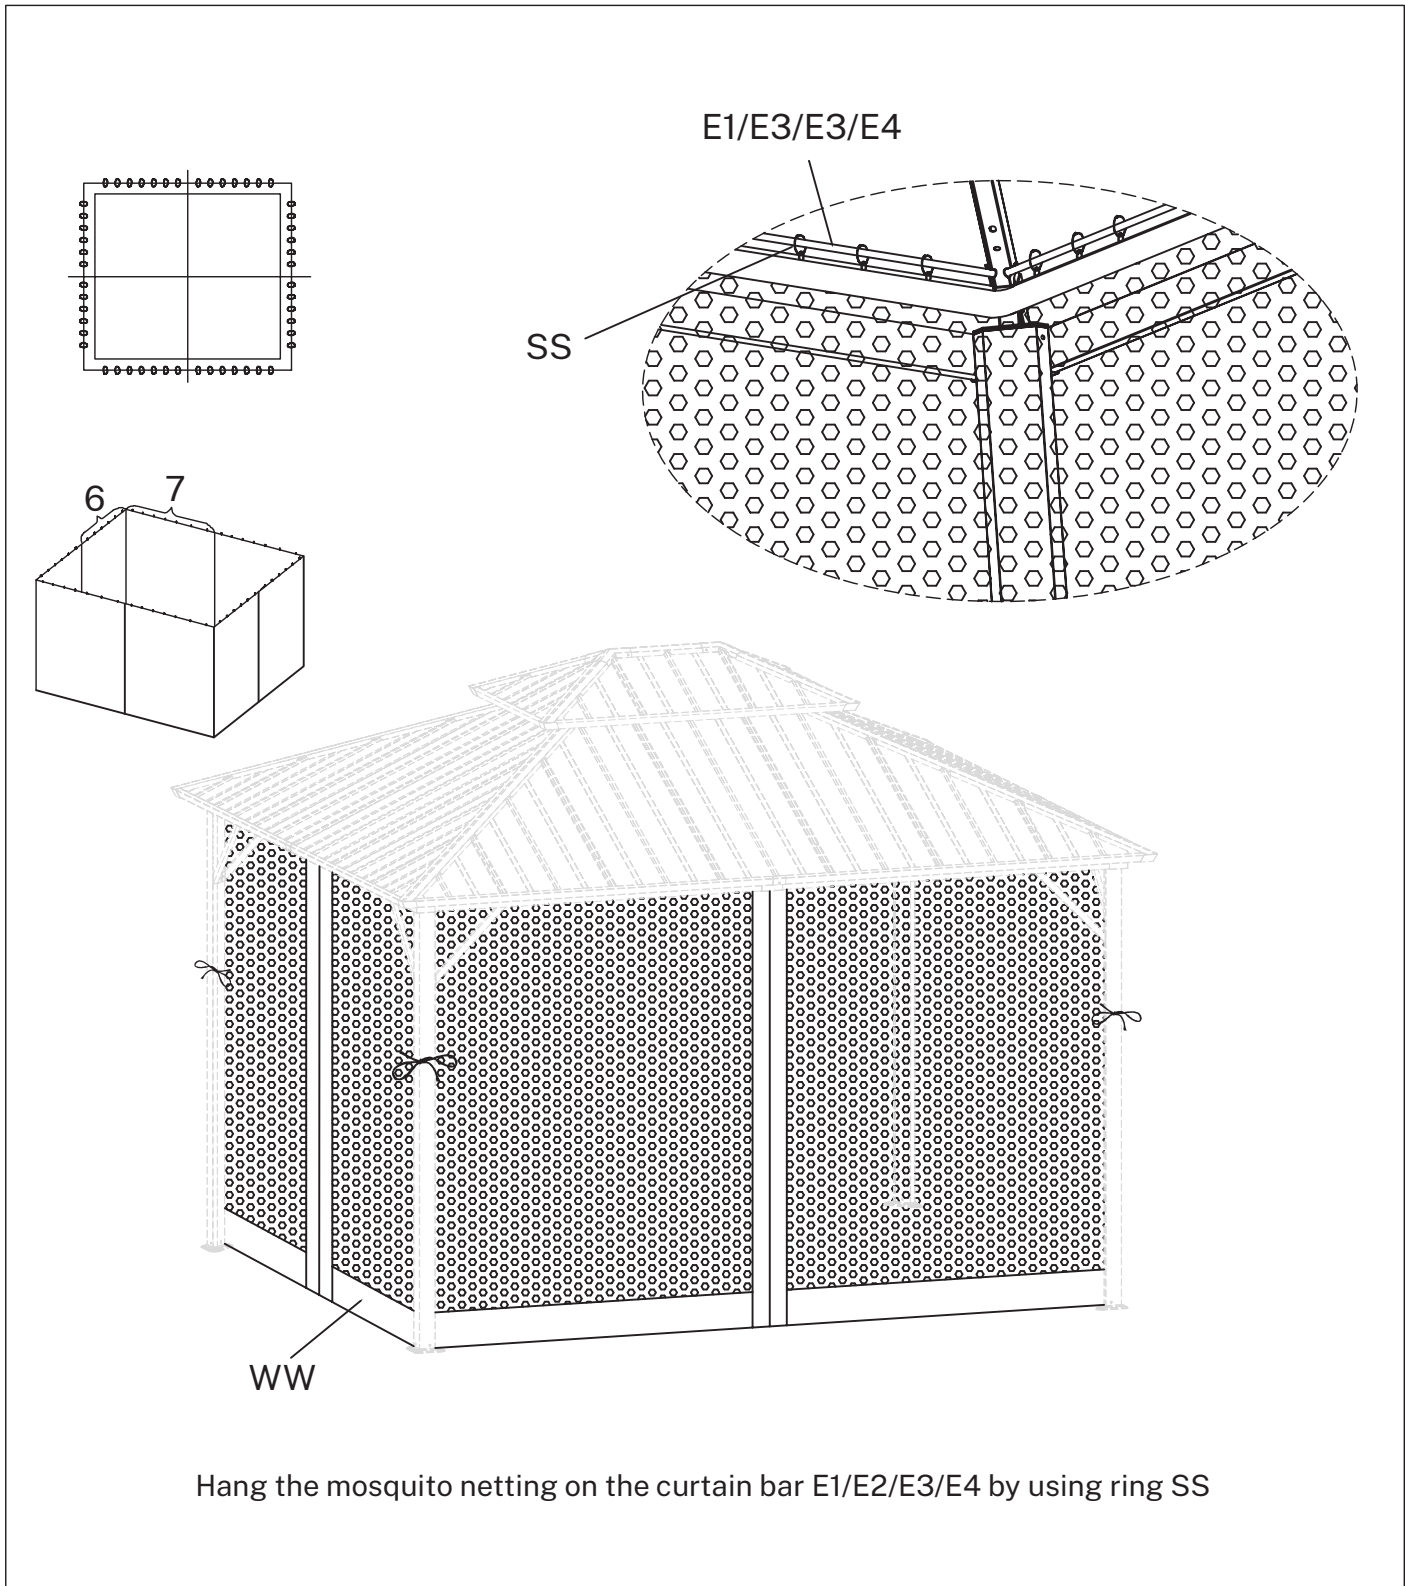

Hang the curtain on the curtain bar E1/E2/E3/E4 by using ring SS
