1. IMPORTANT SAFETY INSTRUCTIONS

WARNING - Read all instructions before using this product.

Please keep this manual with you at all times

- a. It is important to read this entire manual before assembling and using the equipment. Safe and effective use can only be achieved if the equipment is assembled, maintained and used properly.

Please note: It is your responsibility to ensure that all users of the equipment are informed of all warnings and precautions.

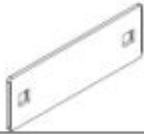

- b. Before starting any exercise program you should consult your doctor to determine if you have any medical or physical conditions that could put your health and safety at risk, or prevent you from using the equipment properly. Your doctor's advice is essential if you are taking medication that affects your heart rate, blood pressure or cholesterol level.
- c. Be aware of your body's signals. Incorrect or excessive exercise can damage your health. Stop exercising if you experience any of the following symptoms: pain, tightness in your chest, irregular heartbeat, and extreme shortness of breath, lightheadedness, dizziness or feelings of nausea. If you do experience any of these symptoms, you should consult your doctor before continuing with your exercise program.
- d. Keep children and pets away from the equipment. This equipment is designed for adult use only.
- e. Use the equipment on a solid, flat level surface with a protective cover for your floor or carpet. To ensure safety, the equipment should have at least 2 meters of free space around it.
- f. Before using the equipment, check that the nuts and bolts are securely tightened. If you hear any unusual noises coming from the equipment during use and assembly, stop immediately. Do not use the equipment until the problem has been rectified.
- g. Wear suitable clothing while using the equipment. Avoid wearing loose clothing that may get caught in the equipment or that may restrict or prevent movement.
- h. This equipment is designed for indoor and family use only
- i. Care must be taken when lifting or moving the equipment so as not to injure your back.
- j. Always keep this instruction manual and assembly tools at hand for reference.

k. The equipment is not suitable for therapeutic use.

2. CARE INSTRUCTIONS

- Lubricate moving joints with silicon spray after periods of usage.
- Be careful not to damage plastic or metal parts of the machine with heavy or sharp objects.
- The machine can be kept clean by wiping it down using dry cloth.
- Regularly check all moving parts and grasp whether there are signs of wear and damage, and if any, stop using the device immediately and contact the rear of my department.
- During inspection, all bolts and nuts must be fully fixed. If bolts or nuts are loose, please secure them in place.
- Check that the weld is free of cracks.
- Failure to perform daily maintenance may result in personal injury or equipment damage.

6		Φ10	8
7		M10	4
8		M10*20	2
9		M10*45	2
10		Wheel	2
11		Cushion	1
12		M8*16	4
13		Φ8	4

4. ASSEMBLY INSTRUCTIONS

NOTE:

1. Gaskets shall be placed at both ends of the bolt (against bolt head and nut), as otherwise stated.
2. The initial assembly is to tighten all bolts and nuts by hand, and to tighten them with wrenches when fully assembled.
3. Some spare parts have been pre-assembled in the factory.
4. This product is recommended for installation by more than two people.

Step 1

1. According to the diagram, the 110 flat connection plate (# 4) is first installed under the ground welding joint (# 2), then the carriage bolt M10 X70 (# 5) is connected to the main frame welding joint (# 2) through the ground welding joint (# 2), and the flat gasket (# 6) and nut (# 7) are used to fasten it.
2. Insert the post weld (# 3) into the main frame weld (# 1) as shown in the illustration and fasten it with the inner socket head bolts M10 * 20 (# 8) and the flat gasket (# 6) on both sides and below.
3. Position the cushion (# 11) on the main frame weld (# 1) as shown and fasten it with the socket head bolt M8 * 16 (# 12) and the flat washer (# 13).
4. According to the diagram, the rubber wheel is put into the ground welding joint (# 2) to get the two welding sheets, and the inner hexagonal disc head bolt X 45 (# 9), flat gasket (#6) and nut (# 7) are used to fasten it. Repeat the steps for the other side.

Please tighten the bolts and nuts with a wrench, your equipment is now fully assembled.

5. WARRANTY

AUSTRALIAN CONSUMER LAW

Many of our products come with a guarantee or warranty from the manufacturer. In addition, they come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage.

You are entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Full details of your consumer rights may be found at www.consumerlaw.gov.au
